

Viewing Your Fringe Benefit Statement

Total compensation is the complete pay package for employees including salary, benefits, and services. The goal is to provide UNI employees with a comprehensive and competitive total compensation package that rewards commitment to the mission and helps to attract and retain talent. A personalized total compensation statement, known as the Fringe Benefit Statement, is available for all non-temporary faculty and staff. This statement shows base salary and the value of various University paid benefits as well as optional benefits you may have chosen. Staff training grant reimbursements or any of the many other services offered to employees such as the Employee Assistance Program (EAP), access to onsite wellness and recreation services, etc. are not included.
