

Create New Student Employment Approval Form

The Student Employment Approval Form (SEAF) has been converted from a paper form to an electronic form. This form must be used exclusively on or before June 1, 2009.

For new employees, along with completion of the SEAF, the following paper forms must be submitted to the Student Employment office – mail code 0024: I-9, W-4, Direct Deposit, and CERRF.

When the SEAF is completed and submitted, it will automatically route to the Student Employment office and Student Payroll. The SEAF will validate if a student is enrolled, if an I-9 has been submitted and if the student is taking the necessary number of class hours to be eligible for student employment.

Information regarding student employment can be found in the Student Employment website found online at <http://www.uni.edu/finaid/studentemployment.shtml>.
